

CALL FOR PAPERS

3rd INTERNATIONAL
SYMPOSIUM ON
ELECTROMOBILITY
ISEM 2024

The 3rd edition of the International Symposium on Electromobility (ISEM) will take place on **Semptember 18-20, 2024**, at Tecnológico de Monterrey, **Campus Guadalajara, Jalisco**, Mexico.

ISEM is a spot to foster and share knowledge, technology improvements and novel contributions in the field of electromobility and related areas.

The ISEM 2024 conference will include live sessions for original papers, plenary sessions with keynote speakers, and industrial panels. Contributions from industry and academia are welcome. Accepted papers will be published in IEEE Xplore® and indexed in Scopus®.

Technical contributions are requested on subjects related, but not limited to, the following topics:

- Design and manufacturing of electromobility systems and products
- Power electronics and chassis electrification
- Control of electric and autonomous vehicles
- Energy storage and management systems Charging Infrastructure and grid integration for electromobility
- Smart, well-connected, and non-conventional electromobility
- EV fluids and materials
- Electric vehicle safety technology and systems
- Government policies and incentives related to electric transportation adoption, Electrified transportation of people and goods
- Electromobility engineering education
- AI applied to electromobility
- Electronic Devices for Electromobility

IMPORTANT DATES:

June 1st

Deadline for paper submission

July 1st

Notification of acceptance

August 31st

Final paper submission

September 1st

Conference Registration

September 18 to 20

Conference dates
